

26th June 2017

Dear Parents, Carers,

As we approach Enrichment Week 2017, and the end of the academic year, we would like to take the opportunity to revisit our whole school expectations and our approach to upholding a highly positive, whole school climate for learning.

Skipton Girls' High School is determined to do everything we can to make sure that people are treated fairly and that everyone has access to the best education they can.

We are committed to eliminating unfair and unlawful discrimination, harassment and victimisation and to advancing equality of opportunity and fostering good relations between different groups within the school and the local community. To this end, **we firmly believe that all students also have a responsibility to ensure everyone can learn free from disturbance or interruption.**

Every student has a choice in the way they behave and all choices have consequences. The school promotes exemplary standards of behaviour, self-discipline and learning through daily positive encouragements, House Points, rewards, and role models.

We are fortunate to have many visitors to our wonderful school and the constant feedback is what a **friendly, calm, and inspirational place it is to be in** - a great deal of this comes from the exceptional behaviour of our students.

Please can we encourage parents and carers to contact us at the earliest opportunity if you have **ANY** concerns pertaining to *'inappropriate or antisocial behaviours, bullying or friendship issues'* within school, outside of school or on the journey to/from school.

Our response is always pro-active and supportive. For further information please visit our school website for our **Behaviour for Learning and Student Code of Conduct Policy and Anti-Bullying Policy**.

Yours sincerely,

Mrs J Plews
Headteacher

Mrs A Wade
Deputy Headteacher
