

Careers Education, Information, Advice and Guidance (CEIAG) Policy

AIMS

Skipton Girls' High School has high quality careers advice and guidance, to support our high achieving and ambitious students. We are committed to providing a planned programme of careers education and information, advice and guidance (CEIAG) for all students in Years 8 -13 and we seek to ensure we adhere to the guidelines as outlined in "Careers guidance and inspiration in schools – statutory guidance for governing bodies, school leaders and school staff" April 2017 - Section 42A and 45A of the Education Act 1997.

In line with the statutory guidance above, we firmly believe that every child should leave school prepared for life in today's society. High quality, independent careers guidance is crucial in helping pupils emerge from school more fully rounded and ready for the world of work. Young people want and need to be well-informed when making subject and career decisions. We can demonstrate that we fulfil this obligation and ensure our students develop high aspirations and consider a broad range of career options.

We aim to ensure all our students:

- develop the skills required to review achievements, plan future actions, make decisions and handle the transition process to life beyond secondary school (higher education and the world of work)
- develop self-knowledge and are confident in making decisions and career choices which are suitable and ambitious for them
- develop an understanding of the world of work and how to respond to changes in today's workplace
- develop research skills to full utilise information, advice and guidance
- develop characteristics e.g. social skills, communication, innovative, resilience, which support high achieving students in the curriculum and in careers
- are provided with well-rounded experiences which inspire and motivate them to develop their aspirations

EVALUATION, MONITORING and REVIEW

The Careers Departments development plan is reviewed and evaluated annually to ensure it fits in with the aims and objectives of the schools development plan. We also have an ongoing SEF (self-evaluation form) as a tool to practice. Destination data enables us to monitor the progression of our students and the impact of the CEIAG provision. Ongoing feedback and evaluations from students contribute to the review of career programmes and that they meet the needs of students.
