

Dear Parents/Carers

Data and Examinations 2020 -21 - Key Dates for Year 12

It has been great to see Year 12 making a start on their A-Level studies and adapting to the independence and commitment required to make the most of Post 16 study. Please find below a list of key assessment and reporting dates for Year 12 students this year.

During the year we plan to send out three written reports and there will also be an online parents' evening. Teachers have been and will continue to assess student performance in a variety of ways and use this assessment to report a current prediction of the grade they feel students are most likely to get at the end of Year 13. They will also report on students' commitment to learning as well.

Students will follow the planned curriculum for each of their A-Level subjects and further details on this can be found on each exam board's website.

Please find below key dates for Year 12 for the coming academic year:
